Participating in the Counselor in Training (CIT) program can be a great way to transition from camper to counselor by learning job related skills for the future, demonstrating leadership, acting as a mentor, sharing responsibility, and strengthening communication. A CIT leads by example. They engage,

participate, and assure that all campers are having a great experience. The CIT Program offers young adults an opportunity to gain experience and enrich the community in which they live, at the same time. As a CIT, you earn community service hours (when applicable), and can also request a letter of recommendation from the Director, upon meeting qualifications. As a CIT, you will spend time with campers ages 5-12, assisting with games and activities organized by camp staff. Additional responsibilities include active participation in sports, swimming, arts & crafts, and team-building group games. Lunch is included.

Camper Code of Conduct

Our main goal is to provide each Camper with a safe and secure environment. We want to create a warm, comfortable, and fun atmosphere that will have your child looking forward to coming to Camp each day. Please take a few minutes to review the following Camper guidelines with your child.

While attending Camp at the Bay Club I will...

1. Listen and follow the instructions of counselors and staff.
2. Always stay with my group.
3. Keep my hands and legs to myself.
4. Not act aggressively towards my fellow campers or counselors.
5. Be kind and considerate to my fellow campers.
6. Not tease, taunt, name call, or bully my fellow campers.
7. Tell a Counselor if I see or hear any bullying by another camper.
8. Use the trash receptacles and clean up my messes.
9. Be polite and use proper manners especially “please and thank you”.
10. Be aware while others are talking and will not interrupt.
11. Not bring iPods, cell phones or any electronics to camp.
12. Be a good sport and have a lot of fun!

SAFETY FIRST!

The Bay Club is committed to providing the safest environment possible for all campers. Here are just a few of our safety practices:

- All of our Camp Counselors and Leadership (18 years and older) are background checked, finger printed, and CPR|AED|First Aid trained. They also complete extensive camp orientation covering positive child developmental practices, conflict resolution, anti-bullying, and inclusive team building skills.
- Sunscreen is applied prior to swim and tennis.
- Campers with dietary restrictions or medical needs will be given a bracelet, so all camp staff whom come in contact will be aware and provide appropriate care.
- Campers are adequately supervised when going to and from the bathroom, and will be aided by staff of same sex when needed.

- Campers will change after swimming inside our designated changing areas in the Boys and Girls Locker Rooms. If assistance is needed during changes, a Camp Counselor of same sex will provide help.
- We understand that swimming may bring up concerns for parents and we take the safety of your child very seriously. A swim test will be conducted for all kids under the age of 14. Those who can swim the length of the pool unassisted and can tread water for 60 seconds will be considered "water safe". Those who cannot complete the swim test, parents/guardians must provide a life jacket/vest for their child.
- In addition, Camp Counselors will be on the pool deck throughout the entire lesson to help monitor the campers in the pool.
- At maximum capacity our Counselor to Camper ratio during swim times will be 6:1
- All campers are checked out using a pin number generated by Bay Club Connect. If anyone other than you or a second parent/guardian will be picking up, please log on to Bay Club Connect to enter their information. They will then be assigned a PIN number. Campers will not be released without an authorized parent/guardian on file and use of a correct pin number.
